

About THF

The Hans Foundation was founded by Mr. Manoj Bhargav and Mrs. Shweta Rawat in 2009. Registered under the Indian Trust Act 1882, The Hans Foundation is a charitable foundation which provides a source of endowment to **not for profit organizations** in India. Guided by the belief that everyone has the right for a dignified life, THF has been working towards the goal of reducing inequalities in India one step at a time by focusing on social interventions around three core themes: *Health, Disability* and *Education*. The Hans Foundation has so far funded over 250 Non-Governmental organizations spread transversely in 26 states in the last seven years. Through their portfolio of initiatives, the foundation continues to strive for creating systemic changes to benefit poor and vulnerable people in the country, catalyze and scale transformative indigenous innovations and convene sector-spanning partnerships.

Thrive Global Consulting is a US based 501(c)(3) charitable organization. Their desire is to see local nonprofit organizations thriving – achieving the purposes for which they were started and bringing significant impact to the vulnerable. Thrive Global Consulting makes a difference around the world by strengthening the efforts of grassroots organizations. Thrive works with local nonprofits to determine what their key needs are and develop a package of services to help them take their work to the next level. Thrive believes that as each of these local organizations are successful in what they are focusing on, poverty and suffering will be addressed
